

Research and Education on Chemistry in USA: state of the art and future perspectives

SEMINAR WEEK: JANUARY: 13rd to 17th. 12:30 Facultad de Ciencias.

Monday 13rd

Eranda Nikolla

is an Associate Professor in the Department of Chemical Engineering and Materials Science at Wayne State University.

Tuesday 14th

Amy C. Rosenzweig

is the Weinberg Family Distinguished Professor of Life Sciences in the Departments of Molecular Biosciences and of Chemistry at Northwestern University.

Wednesday 15th

Debbie Crans

is a professor of chemistry at Colorado State University, specializing in fundamental chemistry and biochemistry of drugs with particular interest in vanadium and other transition metal ions as metals in medicine and their mechanisms of toxicity.

Thursday 16th

Angelica M. Stacy

is the Associate Vice Provost for the Faculty and Professor of Chemistry at the University of California, Berkeley. Stacy was one of the first women to receive tenure in the College of Chemistry at UC Berkeley.

Friday 17th

Roundtable

'The scientific career when you are a woman: Difficulties and challenges'

Chairperson:
Prof. M. Olga Guerrero-Pérez

Diploma delivery.
